FOR IMMEDIATE RELEASE

**DYLAN E. TAYLOR JOINS FIRSTSERVICE
COMMERCIAL REAL ESTATE**

*Experienced Global Real Estate Executive to Enhance
FirstService Commercial Real Estate's Platform*

SEATTLE, June 23, 2009 – FirstService Commercial Real Estate announced today that Dylan E. Taylor has joined as President of its rapidly growing USA operations, including; the largest independent firm of Colliers International, FirstService Williams, PGP Valuation, MHPM Project Management and PKF Hospitality Consulting.

Taylor comes to FirstService Commercial Real Estate from a major global commercial real estate service organization, where he was President of global client services.

Taylor's initial focus will be to grow FirstService Commercial Real Estate's corporate service offering across the USA as well as increase the capabilities and impact of the company's property management services platform.

"The addition of Dylan Taylor to our team presents a major opportunity to grow our business said Douglas P. Frye, CEO and President of the global operations for FirstService Commercial Real Estate and CEO and President of Colliers International. "Taylor brings an extensive

background within the commercial real estate industry and a proven track-record of building integrated services for clients.”

“FirstService Commercial Real Estate has strategically brought together industry leading service providers in their area of specialization to meet the needs of clients who are seeking accountability at the local level, with access to multiple services and a truly global platform,” added Frye.

“FirstService Commercial Real Estate is the 4th largest global provider of commercial real estate services and is one of the most innovative firms in the industry. Their operating structure allows for local executives to have a direct stake in the success of their business,” said Taylor. “This operating model works extremely well and offers the opportunity to drive substantial growth through further integration and strategic client account management, while delivering on increasingly complex multi-service line and multi-market client requirements. I look forward to leading FirstService Commercial Real Estate in achieving the goal of becoming the dominant real estate platform in the USA.”

In his previous position, Taylor was responsible for approximately 4,000 employees in six countries delivering services across all corporate service product lines globally and managing in excess of 250 million square feet of corporate facilities management and property management assignments.

Taylor earned an MBA from the University of Chicago and holds a Bachelor’s Degree in Engineering with Honors from the University of Arizona.

About FirstService Commercial Real Estate
